

# Foster Care Virtual Information Session

May is National Foster Care Month and it's an opportunity to spread the word about the needs of the more than 2,000 children and young people in Cuyahoga County foster care. Victims of abuse and/or neglect, some may need special care or attention to help them deal with the impact of trauma in their young lives. Each of these children needs and deserves a family who will love and protect them.

This virtual foster care information session will help answer some common questions about what it takes to become a foster parent and how you can start the process.

You'll hear from and get to ask questions of current foster parents with the Division of Children and Family Services. You'll also hear about the supports offered by our agency and those available from our community partners.

Foster Care Virtual Info Session  
Monday, May 19, 2025  
5:00 – 6:00pm  
Microsoft Teams Event
