# Step-By-Step Guide to Using the JIT LMS

To watch a training video, navigate to the JIT Training Home Page. At the top of your screen click on the "Courses" tab.

There you will find the Course Catalog with all available trainings. You can search for a training by "All" "Recent" "Presenter(s) Name" or "Category" or simply scrolling down the page. Additionally, you can use the search field by typing in your search criteria

Once you locate the training click the Enroll button

Note: Once you Enroll in a training you can access it from the Welcome Page and the "My Profile" tab

You will be redirected to the Course Overview Page.

Click the "Select Course" tab

COURSE OVERVIEW

Caring for a Child with ADHD

This presentation gives a general overview of ADHD types and symptoms throughout several developmental stages. A trauma informed approach and co-existing conditions are also discussed. The journey to diagnosis is presented while highlighting various behavior scales frequently used. Finally, treatment options are presented including behavior therapies/parent training, referrals to specialists, floor time and medications. The addendum includes a variety of teaching sheets and resource links for participants' further research.

*In order to take a quiz and earn a Certificate you must watch the training video in its entirety.

A transcript of the training is located on the far left side of the video. Some trainings may have additional material related to the topic such as handouts, flyers, resources, links to websites, etc. These can be identified by the red paperclip attachment icon.
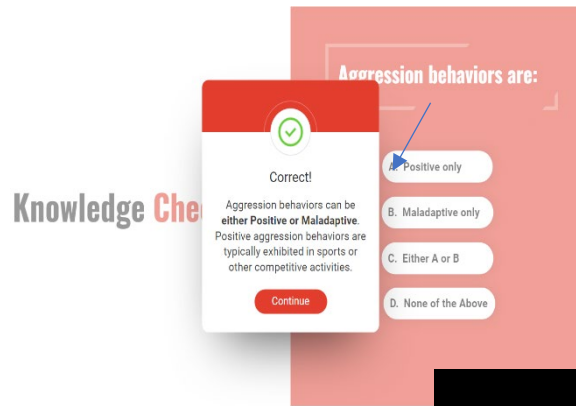

When you click the icon the files will be unfolded and you can download them to your computer or mobile device.

If a training has a separate video that is part of the training such as a YouTube clip, it must be opened to obtain a certificate.
